Last Updated: 11/13/2008

Donor(s): Helen Brach†.

Background: Established in 1974 in IL. Mrs. Brach was the wife of Frank Brach, who was a principal and owner of the E.J. Brach and Sons Candy Company in Chicago. The company was founded by Frank Brach's father. Frank Brach died in 1970 and Helen Brach became heir to the Brach family fortune. Under Helen Brach's will a substantial portion of the

Brach family fortune was bequeathed to the foundation. In February of 1977, Helen Brach disappeared without a trace. Seven years later, Helen Brach was judicially declared dead, with her death presumed to have occurred in 1977.

Inasmuch

as the foundation was the principal legatee under her will, it received a major distribution of assets when she was declared

deceased. The foundation also expects additional funds will be realized when Helen Brach's estate is finally closed.

Limitations: Giving primarily in the Midwest, and CA, MA, OH, PA and SC. No grants outside continental U.S. No support for political organizations. No grants to individuals, or to organizations with less than one year of budget history.

Homeless, human services; Housing/shelter; Human services; Secondary school/education; Youth development, services.

Population Groups: Disabilities, people with; Economically disadvantaged.

Geographic Focus: California; Massachusetts; Ohio; Pennsylvania; South Carolina.

Types of Support: Annual campaigns; Building/renovation; Conferences/seminars; Equipment; General/operating support; Program development; Publication; Scholarship funds.

Publications: Application guidelines; Biennial report (including application guidelines).

Application Information: No grants under \$5,000. Application form required. Applicants should submit the following:

1. Staff salaries
2. Qualifications of key personnel
3. Copy of IRS Determination Letter
4. Copy of most recent annual report/audited financial statement/990
5. Listing of board of directors, trustees, officers and other key people and their affiliations
6. Copy of current year's organizational budget and/or project budget

Initial approach: Letter or fax

Copies of proposal: 7

Board meeting date(s): Quarterly; grants considered at Mar. meeting

Deadline(s): Dec. 31 (earlier preferred)

Final notification: Mar. and Apr.

John's Recommendation: This is probably a long shot. Heck the background reads like a movie. However - \$120 million in assets and they fund in California. Let's follow process and see where it goes. Angle for \$25,000.

Notes:

EIN: 331007188

John's Recommendation: This foundation is related to #11 and is also hard to figure but I did not want to eliminate it. Don't start here but down the road it might be worth investigating. Look's like bigger grants.

Notes:

990: 2006 2005 2004 2003

Last Updated: 2/17/2009

Donor(s): Build-A-Bear Workshop, Inc.

Background: Established in 2003 in MO.

Limitations: Giving on a national basis.

Purpose and Activities: The foundation is committed to improving communities and impacting lives through meaningful

philanthropic programs that support causes for children and families, including children's cancer research and treatment programs; promote literacy; preserve endangered animals and their habitats; and support local animal shelters.

Program Area(s): The grantmaker has identified the following area(s) of interest:

Bearemy's Kennel Pals Grants: These grants provide direct support for domestic pet programs, including animal welfare organizations, pet rescue and rehabilitation organizations, and therapeutic and humane education pet programs.

Champ-A Champion Fur Kids Grants: These grants provide direct support for children in the areas of health and wellness. Potential grantees include childhood disease research foundation, child safety organizations, and organizations that serve children with special needs.

Grants: Funding, ranging from \$1,000 to \$10,000, is available to support organizations that help children and families, animals, and the environment directly.

Additional Contact Information: Toll-free tel: (800) 728-3273

Background: Established in 1999 in CA as a private foundation.

Limitations: Giving on a national basis.

Purpose and Activities: The foundation maintains a national pet adoption referral program that lowers the number of euthanasias in Los Angeles and cities across the nation.

Fields of Interest: Subjects: Animal welfare.

Geographic Focus: National.

Officers: David Meyer, President; Abbie J. Moore, Executive Director; Steve Abbey; Amy Luwis.

Financial Data: Year ended 12/31/06: Revenue: \$850,757; Assets: \$213,715 (market value); Gifts received: \$850,451; Expenditures: \$806,809; Total giving: \$117,600; Program services expenses: \$722,629; Giving activities include: \$117,600 for 4 grants (high: \$69,012; low: \$50); \$605,029 for foundation-administered programs.

Additional Location Information: County: Los Angeles; Metropolitan area: Los Angeles-Long Beach-Santa Ana, CA.

John's Recommendation: There is probably no money here but it is probably smart to keep this foundation in our sights – if only for special opportunities.

Last Updated: 7/1/2008

Background: Established in 1994 in CA. PeopleSoft and Workday Founder, Dave Duffield and his wife, Cheryl, created

John's Recommendation: You guys probably know more about this foundation than I. I am including here for possible useful information.

Notes:

Maddie's Fund. The foundation makes good on a promise the Duffields made to their beloved Miniature Schnauzer, Maddie, to give back to her kind in dollars that which Maddie gave to them in companionship and love. Maddie passed away in 1997, but thanks to this one little dog, abandoned shelter animals have new opportunities to find loving homes in which they, too, may share in the joy and love that Dave and Cheryl enjoyed with Maddie. David Duffield is co-founder and former Chair of PeopleSoft.

Limitations: Giving on a national basis. No support for government funded agencies. No grants to individuals, scholarships or for capital building projects, shelter construction, projects for animals other than dogs and cats, land purchase, endowment campaigns, deficit or emergency funding, research, publications, films, videos, or special events.

Purpose and Activities: Maddie's Fund is helping to create a no-kill nation where all healthy and treatable shelter dogs and cats are guaranteed a loving home. To achieve this goal, the fund is investing its resources in building community collaborations where animal welfare organizations come together to develop successful models of lifesaving; in veterinary

colleges to help shelter medicine become part of the veterinary curriculum; in private practice veterinarians to encourage greater participation in the animal welfare cause; and in the implementation of national strategies to collect and report shelter statistics.

Program Area(s): The grantmaker has identified the following area(s) of interest:

Community Collaborative Project: The purpose of the program is to support community-wide collaborations of no-kill organizations, animal control and traditional shelters, and private veterinarians, working together to implement an adoption guarantee within ten years. The fund works closely with these collaborations to end the euthanasia of all healthy and treatable dogs and cats in their shelters. A Maddie's Fund Community Collaborative Project is divided into two components: the Adoption Component and the Spay/Neuter Component. 1) The Adoption Component, entitled Maddie's Pet Rescue Project, is administered by a no-kill organization and involves the collaborative efforts of adoption guarantee rescue groups, animal control shelters, and traditional shelters to place more dogs and cats in loving homes and to reduce the deaths of shelter dogs and cats in the target community. 2) The Spay/Neuter Component, entitled Maddie's Spay/Neuter (S/N) Project, is administered by a city, county, regional or state veterinary medical association (VMA) and provides spay/neuter surgeries for pets of people who receive Medicaid assistance and who reside in the target community. Spay/neuter surgeries are performed by local private practice veterinarians. Communities interested in applying for a Maddie's Fund community grant are encouraged to first apply for the Starter Grants.

Medical Equipment Grants: This program provides grants to adoption guarantee shelters for medical equipment. Any adoption guarantee shelters that is located in the U.S. and employs at least one full-time veterinarian on staff is eligible to apply.

Shelter Medicine Programs: The purpose of the Shelter Medicine Program is to support U.S. Colleges of Veterinary Medicine seeking to establish shelter medicine programs that support the no-kill philosophy. Maddie's Fund provides funding for the development and implementation of shelter medicine programs that will ultimately improve the quality of life for shelter pets, reduce shelter deaths, increase adoptions of shelter animals, and lay the foundation for saving all treatable shelter pets. Shelter Medicine Grant Options include: 1) Maddie's Shelter Medicine Research to aid in the discovery of new shelter medicine information and data that helps advance adoption guarantee shelter practices and methods. 2) Maddie's Shelter Medicine Externships to offer stipends to third and fourth year veterinary students at adoption guarantee shelters; 3) Maddie's Shelter Medicine Teaching and Research Programs to help advance students' understanding of adoption guarantee shelter practices and methods through college courses. This can include Pre-Clinical and Didactic Shelter Medicine Training, Shelter Medicine Externships, Shelter Medicine Continuing Education, and Shelter Medicine Research. 4) Maddie's Shelter Medicine Residency Training to give in-depth preparation and instruction

in shelter medicine. 5) Maddie's Comprehensive Shelter Medicine Programs to develop thorough shelter medicine programs that can include Pre-Clinical, Didactic and Clinical Shelter Medicine Training, Shelter Medicine Resident Training, Shelter Medicine Continuing Education, Shelter Medicine Research, and Shelter Medicine Service to collaborating shelters within the University's community.

Starter Grants: The purpose of the Starter Grant is to offer coalitions monetary assistance as they work on the various components of their community collaborations: collecting shelter statistics; reporting shelter data using terminology/definitions presented in the Asilomar Accords; preparing yearly business plans; and formulating ten-year strategic plans. These grants can help collaborative efforts by providing a starting point and the tools necessary to help achieve lifesaving goals. Whether the focus is to lead the animal organizations in the community to no-kill status through local programs and projects, or to use the starter grants to bring a coalition to the point of applying for a Maddie's Fund Community Grant, these building block grants can help a coalition close the gap between where a community currently is and where it wants to be in the future.

Targeted Spay/Neuter Program: The purpose of the Targeted Spay/Neuter Program is to identify and target problem populations or problem areas with high shelter admissions of dogs and/or cats and to perform above baseline spay/neuter

surgeries. The project is for dogs and/or cats in counties with human populations of at least 50,000 and a community-wide

Live Animal Release Rate of 40% or less. This means animal control agencies, traditional shelters, and adoption guarantee organizations operating in the target community are euthanizing 60% or more of the total shelter population of dogs and cats. Surgeries can be performed in non-profit spay/neuter clinics or private veterinary hospitals. Breed specific programs are not eligible for funding.

Fields of Interest: Subjects: Animal welfare.

Geographic Focus: National.

Publications: Annual report; Application guidelines; Newsletter; Program policy statement.

Application Information: Applications are available on foundation Web site. Do not send any additional materials with the initial application unless requested by the fund. One proposal per group per year. Application form required.

Limitations: Giving primarily on a national basis; some giving also to Canada. No grants for ongoing programs or efforts, general operating costs, capital costs, salaries, lobbying efforts, scholarships, or facility improvements.

Purpose and Activities: The organization provides emergency animal sheltering and disaster relief services, and helps to bring animals out of crisis and into care.

Program Area(s): The grantmaker has identified the following area(s) of interest:

LifeLine Crisis Relief for Individuals: Financial assistance, usually between \$100 and \$400, is available to help families

provide for their pets' immediate needs, including transportation of the animal to safety, veterinary care to treat illness or injury caused by the disaster, and/or temporary boarding. Eligible applicants must live in the U.S., apply for aid within one week of the disaster giving rise to the need for aid, and have a plan for how the animal's needs can be met (including veterinary estimates for treatment, food, and/or medicine). Eligible animals must be spayed or neutered, and be either a companion animal who was directly injured or displaced by personal, natural, or manmade disasters; or be any animal involved in the rescue and recovery efforts during a natural or manmade disaster (such as search-and-rescue dogs)

LifeLine Crisis Relief for Organizations: Grants between \$300 and \$2,500 are available to deserving grassroots animal welfare organizations who have jumped in to assist with an animal emergency involving a group of animals, and where immediate intervention is necessary. Eligible organizations must have 501(c)(3) status and an annual budget of \$500,000 or less.

LifeLine Rescue & LifeLine Individual Grants: Grants, generally between \$100 and \$300, are available to help homeless or recently-rescued animals suffering from life-threatening conditions that require specific and immediate emergency veterinary care. Grants are awarded both towards the care of rescued animals that have been recently (within one month) taken from a life-threatening situation, and towards emergency care to animals who already have a responsible guardian. Eligible applicants must: live in the U.S.; be seeking assistance for one animal in need of urgent medical care; obtain a diagnosis, prognosis, and treatment plan; demonstrate financial need, such as grassroots rescue group status, unemployment, or public assistance; and have a plan to find (or be) a responsible caregiver and permanent home for the animal. Requests are especially encouraged from animal victims of the 2007 southern California wildfires.
